WHO WE ARE

Precision. Drive. Passion.

This is the force behind Assignment 3, a dynamic company aiding businesses in attracting the right kind of attention. Since 2009, our ambitious and meticulous team have been creating branding solutions for advertising agencies, corporate companies and start-ups looking to get noticed.

Producing quality work using quality products is what drives us. Dealing with Assignment 3 means dependable service and exceptional craftsmanship is assured.

With our branch in Cape Town, our goal is to provide South African businesses with products that surpass industry standards.

WHAT WE DO

Signage. Printing. Vehicle Branding.

We provide a smooth process of project implementation by giving each stage of production our full attention, from consulting to designing and creating a final product. We remain in communication with our valued clients throughout this process, allowing room for changes and ensuring complete satisfaction with the end result. Our in-house equipment ranges from lazer cutting, CNC router machining, digital printing, various printing machines, finishing equipment, industrial doming and all the equipment needed to do major fabrication and installations around South Africa. We also specialise in building cladding, aluminium fabrication and bespoke made architectural signage.
